

### Hot Metal Ceiling Tiles

Hot Metal laminate creates impressive ceilings in the form of decorative tiles, artistic features and lighting designs. It is the perfect solution for designing an exciting looking ceiling or upgrading an existing ceiling. Hot Metal ceiling tiles are durable, lightweight, flexible, easy to install, require low maintenance, are long lasting and rated fire safe by CSIRO. In addition they add an extra effect and dimension that will enhance hospitality, commercial or retail environments. Hot Metal laminate is Australian designed and made. It is environment friendly and recyclable.

*Hot Metal® .....the coolest trend in laminate.*

Hot Metal® is Australian designed and manufactured, using handcrafted techniques. Hot Metal® is Patent protected.
