

Hot Metal® Decorative Columns.

Enhance and define interiors with an impressive feature by decorating columns with Hot Metal laminate. Hot Metal is a flexible laminate that can be applied to columns with ease. It's decorative effects will not only feature columns but add extra depth and dimension to a space that commands attention.

Hot Metal is highly durable, lightweight and flexible. The applications for this Australian-made laminate are endless. You are limited only by your imagination when using Hot Metal. It can be specified with confidence to deliver maximum effect with a minimum of effort. Hot Metal laminate is recyclable and environmentally sound.

Hot Metal®the coolest trend in laminate.

Hot Metal® is Australian designed and manufactured, using handcrafted techniques. Hot Metal® is Patent protected.
